friends and family for 18 holes of mini golf! RSVP [here](#) by June 7th to join!

**For more info on both of our events, check out the fliers on page 4!**

## Partner Organizations

### Charleston Women in Tech

#### Building a Career of Agility and Resilience—May 17

The tech industry, and job market, is ever-changing. It ebbs and flows just like everything else. Our goal at this next event is to share some best practices on how to strategically keep yourself relevant,

even in an uncertain job market. Join our discussion around:

- Establishing your brand
- Becoming a strategic networker
- Identifying where you can upskill your talents
- Hearing stories around resilience and success as a result of job impact
- Being intentional with

your career and life choices.

### ASME

ASME is working to increase their membership! If you are interested, please reach out to Cory Hank.

## Scholarships!

### SCSPE Scholarship

The SCSPE Scholarship is an annual award sponsored by South Carolina Society of Professional Engineers Educational Foundation, Inc. (SCSPE).

Contributions to the Educational Foundation go toward providing scholarships to rising juniors and seniors studying engineering at a South Carolina ABET accredited Engineering School. Applications are due by May 15th. Click [here](#) for more information!

dents in Berkeley, Charleston, and Dorchester Counties since 2013. Each year NSBE Charleston Professionals gives out scholarships for local High School and Collegiate students. We will be highlighting some of those students to celebrate them and what your support of the chapter has been able to accomplish.

We aim to give at least **\$500** for each one, but the amounts and the number of scholarships vary, based on the yearly funding. Click [here](#) for more information!

### NSBE Charleston Scholarships

NSBE Charleston has been awarding scholarships to deserving stu-

SWELOWCOUNTRY.ORG

*Our mission is to stimulate women to achieve full potential in careers as engineers and leaders, expand the image of the engineering profession as a positive force in improving the quality of life, and demonstrate the value of diversity.*

*Our objectives include :*

- *Inform young women, their parents, counselors, and the public in general of the qualifications and achievements of women engineers*
- *Assist women engineers in readying themselves for a return to active work after temporary retirement*
- *Serve as a center of information for women in engineering*
- *Encourage women engineers to attain high levels of educational and professional achievement*

Come sail away with SWE on a
