Upcoming SWE Lowcountry Events

Keep an eye out for our next event... a November Social!

Partner Organizations

National Society of Black Engineers

SEMAPALOOZA had a fantastic turnout this year. NESBE put on a wonderful event:

- 43 amazing vendors showcasing STEM activities and providing vital information to the community
- 500+ confirmed families attended, leaving with smiles and a wealth of knowledge

- over 15 various types of robotics, the remote controlled robots were a hit

It's been a while since the Lowcountry has seen a STEM event of this magnitude. The community will never forget this event and you all played a major part in assisting NSBE with our mission by positively impacting the community. The kids and parents were so happy to be in attendance and it showed, we've never seen so

many smiling faces from both vendors and the kids in attendance. STEMapalooza will become an annual event and we want to count on you for your continued support.

Thank you to our volunteers for running an activity on aerodynamics!

Volunteer Opportunities

SWE Committee Volunteers Needed!

Your SWE Lowcountry Board is looking for volunteers for a few committees! We are looking for volunteers to help out with social events, professional development events, K12 and collegiate outreach, and social media interactions.

If you are interested, contact our president at president@swelowcounry.org

Aspire.
Advance.
Achieve.

Our mission is to stimulate women to achieve full potential in careers as engineers and leaders, expand the image of the engineering profession as a positive force in improving the quality of life, and demonstrate the value of diversity.

Lowcountry SWE

We're looking forward to serving you in FY22. If you have any suggestions for events, please send us an email! You can find all of our contact information here:

<http://www.swelowcountry.org/contact-us.html>

Our objectives include :

- *Inform young women, their parents, counselors, and the public in general of the qualifications and achievements of women engineers*
- *Assist women engineers in readying themselves for a return to active work after temporary retirement*
- *Serve as a center of information for women in engineering*
- *Encourage women engineers to attain high levels of educational and professional achievement*

Future Events

NGCP Webinar: STEM Stories: Womens Experiences Advocating for Equity
November 1, 2022, 2PM EST
Online

As part of NGCP's 20th Anniversary celebrations, the Anniversary Fellowship Program was developed as a unique opportunity for professionals to immerse themselves in equity-focused work in support of NGCP's national network. Fellows will share experiences working on NGCP's initiatives, and practical tips and resources focused on fostering cultural responsiveness, supporting STEM identity, and using role models effectively.

ASO Lowcountry Quality Conference
November 7, 2022
Charleston, SC

A day of presentations and networking to promote best practices and positioning for the increase in commerce in the Lowcountry. Tracks are centered around manufacturing / supply chain or life sciences / healthcare including topics that cover workforce development, quality, and process improvement. [Register Here](#)

International STEM in Education Conference
November 23-26, 2022
Online

The 2022 conference theme "STEM futures—expanding your horizons" provides opportunities for STEM researchers and educators worldwide to share research findings and consider how practical initiatives can strengthen STEM education in the future, including new trends in research on interdisciplinary learning and web-based scientific inquiry learning environments.
